DIRECTIONS:

Read the passages of the week. This is roughly 5-10 minutes of reading a day. Take time to pray about what you read and then discuss the following questions with your parents:

- What did you read? What was it about?
- What did you learn about God?
- Is there anything you should do or change based on what you read?

Parents, discuss these questions with your child before signing of for the week. Teachers will be asking the same questions.

If you fall behind, just work on catching up!

There are several good English Bibles, some that are good for youth include the CSB, NIV, and NLT. We recommend not using a paraphrase of the Bible such as the Message.

THEBIBLEPROJECT.COM is a fantastic resource full of helpful videos. Students & Parents may find these videos helpful before reading to get a general idea of what a specific book is about.
