## Directions:

Read the passages of the week. This is roughly 5-10 minutes of reading a day. Take time to pray about what you read and then discuss the following questions with your parents:

- What did you read? What was it about?
- What did you learn about God?
- Based on what you read, how can you obey God?

Parents, discuss these questions with your child before marking your initials for the week. Teachers will be asking the same questions.

If you fall behind, just work on catching up!

\*We recommend using a Bible translation using modern English that our students can easily understand. Some good options include the CSB, NIV (2011 edition), NLT, The Good News Bible.
